

WHOOPIING COUGH

PROTECT YOUR BABY!

Get vaccinated against whooping cough with your GP or Practice Nurse

In England, there were **12,200 cases** confirmed between January and July 2024.

Whooping cough can be severe for newborns, but you can help protect them by getting the vaccine from **16 weeks**.

Talk to your midwife, doctor or GP surgery today to learn more about how you can keep your little one safe and healthy...
